

## May 2020 Splash Flash

In Christ alone my hope is found,  
He is my light, my strength, my song  
This Cornerstone, this solid Ground  
Firm through the fiercest drought and storm.  
What heights of love, what depths of peace  
When fears are stilled, when strivings cease  
My Comforter, my All in All  
Here in the love of Christ I stand.

(Keith Getty and Stuart Townend, 2001)

*It has been a while since the last time we have written to you and a lot has happened since then. For so many of us it has been a mixed time of uncertainty and yet at the same time, with all activities and meetings cancelled, a time to be still and consider what is important to us.*

*The song "In Christ Alone" expresses well our feelings that God is our Cornerstone, the reason for what we do here at Splash. As we think ahead to the rest of the year and what it will bring, we are secure in the knowledge that He is our light and our strength. We rest in his peace and know that wherever we are led will be to his glory.*

It is with a heavy heart that we have made the decision to cancel our summer holiday club this year. The community we serve is at the heart of our planning and we do not feel we can keep the children and volunteers safe without removing the very heart of our club - the interactions and conversations that the team have with each other and the children while doing craft, sharing food and playing games. To all those who come year after year to help and support us - we thank you and pray for you all and we hope to get together as soon as we can!

The Splash team are missing our time together to discuss ideas and plan our assemblies in the glorious surroundings of our office. For those who have been you will know it is a haven of tranquility and we are missing it so much - there is no better place to plan God's work than surrounded by his creation in all its glory.

New life—We have goslings and ducklings!

As it is unlikely that we will be able to visit schools or churches for some time, we are looking at ways to continue to serve our local schools and churches. This is an exciting time of new growth for us, learning new skills and developing new ways to support our communities as we look to put our work online - a scary prospect but a challenge we hope to rise to with your support. To do this we will need new equipment - if you feel this is something you can help with, either financially or through your own skills and equipment, please do get in touch or visit our website to donate.

Take care and stay safe,

# *The Splash Team*
